COUNCIL (TVET CDACC)**

PRACTICAL ASSESSMENT

Time: 1 Hour

INSTRUCTIONS TO CANDIDATE

Social mobilization acts as a catalyst for organizing the members of a community to take group action by sharing their problems and seeking their own solutions by pooling their own resources, obtaining external help and participating actively in the decision-making processes that shape their lives as individuals and as members of households. In this practical assessment, you are required to perform the following tasks; Carry out training of community members on resource mobilization using any five approaches.

TASK 1

- a) Prepare to carry out the training
- b) Develop a lesson plan for the training
- c) Develop the objectives of the training

TASK 2

- a) Carry out the training of community members on community resource mobilization using FIVE approaches of social mobilization
- b) Carry out evaluation on whether the training achieved its objectives

You have been provided with following resources;

- a) Audience
- b) Mark pen
- c) Stationeries
- d) Flip charts/computer and a projector
- e) Foolscaps
