Date: 05.08.2025 08:10 AM

1. This paper consists of **TWO** sections: **A** and **B**.
2. Attempt **ALL** questions in section **A**.
3. Attempt question **ELEVEN** (11) and any other **TWO** (2) questions in section **B**.
4. Marks for each question are indicated in the brackets.
5. Candidates are provided with a separate answer booklet
6. Do not write on the question paper.

**This paper consists of THREE (3) printed pages.**

Printed By: Amref International Training Center

**Candidate should check the question paper to ascertain that all pages are printed as**

**indicated and that no questions are missing.**

**SECTION A (40 MARKS)**

*Attempt ALL the questions in this section.*

1. Home-based care is guided by a set of ethical and operational principles that ensure quality support to clients. Identify FOUR principles of home-based care. (4 Marks)
2. Several stakeholders play a vital role in delivering sustainable home-based care services. List FOUR relevant structures or partners in home-based care. (4 Marks)
3. Needs assessment is the foundation of planning home-based support, allowing providers to understand client conditions. Give FOUR reasons for conducting a home-based care needs assessment. (4 Marks)
4. Assessment tools are developed to collect accurate information on client needs. Highlight FOUR essential components in the development of an assessment tool for home-based care. (4 Marks)
5. Effective delivery of home-based care depends on proper resources. State FOUR types of resources required in a home-based care setting. (4 Marks)
6. Mobilizing resources is a key function in sustaining care programs. List FOUR ways of mobilizing resources from local and external stakeholders. (4 Marks)
7. An individual care plan guides the caregiver in offering targeted interventions. Mention FOUR benefits of developing an individual care plan for a client. (4 Marks)
8. Home visits are central to the delivery of support services to clients in their natural settings. Identify FOUR activities involved in conducting a home visit. (4 Marks)
9. Advocacy helps raise awareness and attract support for home-based care initiatives. List FOUR elements of an effective advocacy plan. (4 Marks)
10. Monitoring client progress is important in evaluating the effectiveness of care. Give FOUR indicators used to assess client performance in home-based care. (4 Marks)

**SECTION B (60 MARKS)**

***Attempt question 11 and any other two in this section***

11. You are a home-based care provider working in a rural community where many clients are living with chronic illnesses such as HIV/AIDS and diabetes. One of your clients, a 65-year-old woman, lives alone and has no regular source of income. During a recent visit, you found that she had not taken her medication properly, her hygiene was poor, and she showed signs of depression. You are expected to provide support, monitor her condition, and report to the local health facility.

a) Explain FOUR actions you would take to develop and implement an individual care plan for the client. (8 Marks)

b) Discuss FOUR steps you would follow in conducting a home-based care needs assessment for this client. (12 Marks)

12. Documentation in home-based care ensures continuity, quality, and accountability in service delivery. Tools used in documentation must be accurate and client-focused.

a) Explain FOUR ways in which proper documentation contributes to quality care. (8 Marks)

b) Describe FOUR tools used to document home-based care services and their significance. (12 Marks)

13. Monitoring of clients in a home-based care setup helps to ensure their recovery and well-being are on track. Quality care requires effective tracking tools.

a) Explain FOUR performance indicators that can be used to track a client's health status and recovery. (8 Marks)

b) Discuss FOUR benefits of carrying out advocacy in home based care. (12 Marks)

14. You are part of a community-based team responsible for determining the support needs of chronically ill clients in remote villages. You are required to mobilize the community to give support to the home-based care programs.

a) Explain FOUR benefits of community mobilization for home-based care of support (8 Marks)

b) Discuss FOUR methods of disseminating assessment findings. (12 Marks)
