INSTRUCTIONS TO CANDIDATE

Community health support groups help persons with different problems in the community such as bereavement, and episodic medical conditions such as cancers, HIV/AIDS, diabetes and tuberculosis, by providing management and support services that will empower and encourage them. You have been called upon to carry out civic education to community members in Yala Community Health Unit on the availability of support groups that offer the aforementioned services.

1. You are required to perform the following tasks;
 - i. Task 1: Prepare for the training.
 - ii. Task 2: Train the community members on SIX concerns addressed in support groups.
 - iii. Task 3: Train the community members on SIX challenges faced by support groups.
 - iv. Task 4: Train the community members on SIX strategies for effective support groups.

2. You have been provided with the following resources for the practical tasks:

- Simulated community members
- White board/flipchart
- Marker pen
- Whiteboard eraser
- Foolscaps
